

LATIN AMERICAN PEACE SCIENCE SOCIETY

2022 annual conference Schedule

**LATIN AMERICAN
PEACE SCIENCE SOCIETY**

The Latin American Peace Science Society is a network of scholars committed to the scientific study of the causes and consequences of violent conflict, conflict management and peace.

The aim is to gather academicians from all over Latin America and beyond to promote academic progress in the understanding of peace and conflict and building an international academic community.

The network seeks to build a community of researchers and promote the generation of conversations between multiple interlocutors who use different research methodologies, from disciplines as diverse as psychology, anthropology, sociology, history, economics, and political science.
